**MAIN ALTAR**

Pieces vary greatly depending on flowers chosen, size, container. Prices range from 50.00 ó 300.00 with special attention given to your budget. Flowers can be the same as in the bouquets or we can use less expensive flowers in the same color palette. We rent pedestals, moss topiaries, and large urns that can be used inside or out as needed or we can decorate a trellis of your choice. Most altar pieces can be used after the ceremony on the gift table, place card table, bar, or on either side of the head table.

**CENTERPIECES**

Vary greatly depending on flowers chosen, size, containers or vases used. We have made them from 25.00 up to 300.00. If you give us a price point for each centerpiece, we can custom design them to fit your budget using flower choices from your bouquets or less expensive flowers in the same color palette. If you want to provide your own containers/vases, this would be a savings for you and you can give them as guest gifts at the end of the evening if you wish. If you prefer to arrange your own centerpieces, we would be happy to order the flowers for you. We do request that you bring clean buckets (5 gallon wastebaskets from a discount store work great) with you when you pick up so that your flowers remain hydrated in water for transport.

**CAKE FLOWERS**
